HKBN and Microsoft Hong Kong Team Up to Support Hong Kong SMEs Best-in-class Remote Applications now supported by HK's Largest Accredited Team of Engineers at HKBN

(Hong Kong – 30 Mar 2021) HKBN Group (“HKBN”) and Microsoft Hong Kong (“MSHK”) have joined hands to provide the best-fit remote applications for local enterprises. As part of this strategic collaboration, HKBN and its team of **Microsoft Accredited Engineers**, the largest in Hong Kong, will deploy and implement **Microsoft’s suite of applications** to support enterprises, especially SMEs, operate more efficiently and effectively under the new normal.

Boasting a team of around 100 accredited engineers, HKBN is fully equipped to support Microsoft’s range of key products, including the essential multidimensional and secure Microsoft 365, cloud platform Azure, and all-in-one business management solution Business Central. These applications, and more, will be deployed through HKBN’s proven market solutions FixIT (token- or subscription-based IT support) and TaaS (Transformation-as-a-Service), supporting enterprise’s needs with everything from hardware connectivity and maintenance to accredited software licensing, all from one-stop.

Billy Yeung, Co-Owner and CEO – HKBN Enterprise Solutions & JOS Group said, “Change is a matter of survival for enterprises in the new normal. Digital resiliency and adoption of a cross-expertise resource pool makes all the difference between success and failure for businesses. Leveraging our incredible team of Microsoft accredited engineers and our **Microsoft Partner of the Year** service accolade, HKBN continues to be the ICT provider of choice in delivering all-round technical and digital resources, helping businesses grow and thrive.”

Kelvin Tse, One Commercial Partner and Small, Medium & Corporate Customers at Microsoft Hong Kong said, “2021 will be a game-changing year as companies deepen the adoption of technologies, such as data and AI, to optimize their operations and increase business resilience. Our collaboration with HKBN aligns with our mission to empower Hong Kong, providing local SMEs with the technologies and know-how and be their partner on their digital transformation journey.”

Besides enjoying professionally accredited support across Microsoft’s range of products and applications, enterprise customers using HKBN’s **FixIT** service will also be able to enjoy end-to-end solutions that come at a favourable price with protection from cyberthreats.
