

NEWS BRIEF**JOS holds “Powering Digital Transformation” Executive Luncheon
with Equinix, IBM and VMware**

Hong Kong – 15 March, 2017 – JOS joined hands with Equinix, IBM and VMware to boost digital transformation in an executive luncheon held on 14 March 2017. The event was aimed to illustrate the ways to power digital transformation with a virtualisation and hybrid cloud management solution on a scalable, secure and high-performance platform. To stay competitive in a rapidly evolving business environment and to stand out in the industry, organisations today must harness the power of digital transformation.

The key to successful digital transformation is to develop and implement a holistic cloud-centric strategy. To assist organisations embracing challenges on the cloud journey, speakers from JOS, Equinix, IBM and VMware shared the tips for enabling agility, performance and innovation during digital transformation and how to extend the cloud limit with freedom and control.

Delegates discovered new insights at the event, which enabled them to rethink digital transformation and having the opportunities to exchange ideas and thoughts with their fellow peers from different industries.
