### JOS's networking capabilities underlined in the VMware NSX for Horizon Showcase at vFORUM 2016 Hong Kong

**Hong Kong – 7 November, 2016** – JOS was proud to showcase VMware NSX for Horizon at vForum 2016 Hong Kong held on 4 November 2016. The annual VMware event enabled industry players to deliver useful knowledge and industry insights to help enterprises master powerful business innovation, unrestrained by technical limitations.

The vendor event brought to the market a crowd of over 1,100 delegates across different sectors. JOS's showcase was able to benefit from this industry exposure. Businesses learned the networking and security essentials for virtual desktops and apps. Speed and simplicity to virtual desktop are the outcomes of VMware NSX for Horizon. Delegates discovered how a multi-tier virtual network environment works and how a cloud-like environment helps improve efficiencies with JOS.
