

## **Jardine OneSolution (JOS) in Singapore joins the Bright Reseller Program**

**Monday, June 24, 2019 – Amsterdam, the Netherlands** - Today, [Bright Computing](#), a global leader in cluster and cloud infrastructure automation software, announced that Jardine OneSolution (JOS) Singapore has joined the Bright Computing Reseller program, to consult and implement Bright Cluster Manager.

With over 60 years of experience in Asia, [JOS](#) is a systems integrator, solutions provider and technology consultancy with deep local and industry knowledge. JOS has over 2,000 IT professionals from nine offices across Asia's business hubs – China, Hong Kong, Macau, Malaysia and Singapore. The company is committed to improving the performance of enterprises and governments by applying the best technology to address their challenges, and has extensive experiences across industries, having served over 10,000 customers in Asia. JOS is a division of JTH Group, a member of the Fortune Global 500-listed Jardine Matheson Group.

As a Bright premier partner, JOS is off to a flying start, having successfully implemented Bright Cluster Manager for HPC with a 400-node cluster in a public sector engagement.

Mr. Roger Loh, Head of Solutions at JOS Singapore commented; "Bright Cluster Manager has proven to be a comprehensive supporting tool for cluster management and implementation. The partnership with Bright can increase our flexibility in project management for client's installation and configuration of accelerated clusters. The delivery enhancement can empower us to better engage our customers in a more focused and productive manner."

JOS also recognizes the synergy of Bright Computing with the other major vendors in the HPC industry. For example, JOS, an NVIDIA Elite Partner, and Bright, an NVIDIA Advanced Technology Partner, offer validated solutions with NVIDIA's DGX range of appliances. This type of symbiotic partnership will add great value to JOS customers who are seeking turnkey solutions.

Jack Hanna, Director Alliances at Bright Computing added; “JOS is a well-respected company in South East Asia, providing industry leading HPC solutions to organizations in the region. We are delighted that JOS has chosen to be a Bright reseller and we look forward to working together on some exciting projects in the future.”
