

jos

With more than 60 years of experience, JOS is a trusted and dedicated technology partner to drive customer-centric innovations. This experience and dedication is now empowered by the union with HKBN, the second largest telecom and the fastest growing operator in Hong Kong.

Combining our technical expertise and industry knowhow with HKBN's unprecedented tri-carrier network diversity advantage, we are now a comprehensive ICT powerhouse. With this synergy, we are now Stronger as One to support enterprises across the region to unleash the power of business in the new decade.

2020 marks a new decade in the 21st century, it also means we are entering the post-digital era—when enterprises are expected to deliver instant responses and hyper-personal experiences to meet the digitally matured customers.

“Being part of HKBN's comprehensive ICT powerhouse, we are now in the best position to empower enterprises to capture digital opportunities and tackle new challenges in the post-digital era,” said Mark Lunt, Future Co-Owner of HKBN & Group Managing Director, JOS.

There is no better time than now to build the power of one and there is no better company than HKBN to be your trusted one-stop-shop technology partner in this new era.
